About the organizers of this event..

The Peninsula Foundation

The Peninsula Foundation strives to preserve the heritage, maintain the character and promote the vitality of Peninsula and Boston Township, by engaging the Community through arts and educational programming, and historic preservation. Through our stewardship of 20 properties in the Village, we help to keep Peninsula looking and feeling like a small rural, canal era Village in the middle of a National Park.

The Peninsula Foundation supports the arts through the **Voices in the Valley** music program at the G.A.R. Hall. This program is a nationally-recognized concert series. It promotes traditional roots music and original roots music through fair pay for artists, live performances, educational workshops and Artists in Residency opportunities. Our goal through this program is to make the arts accessible and available to all.

Five years ago The Peninsula Foundation began fundraising efforts to make the G.A.R. Hall A.D.A. accessible.

Thank you to everyone who supported us in this effort.

We are excited to share it with you!

The Peninsula Area Chamber of Commerce

The Peninsula Area Chamber of Commerce is an organization of merchants from Peninsula Village and the surrounding area. It was organized to promote business and commerce in the Village of Peninsula.

Experience all we have to offer, while losing yourself in our small Village.

Peninsula is a small historic canal era village with a river running through it.

A little piece of green nestled between Akron and Cleveland.

Take a stroll down historic Main Street, take a ride on a train or just sit and watch the world go by. Whatever you do, you'll be glad you came.

Stop in for a visit and stay for a memory.

Main Street Peninsula

The Village of Peninsula has recently committed to becoming a Main Street Affiliate Community as administered by Heritage Ohio. This initiative strives to foster cooperation and collaborative efforts in revitalizing historic and commercial areas. The Main Street approach has rekindled entrepreneurship, downtown cooperation and civic concern in Main Street Communities throughout the State. This is a joint effort between the Village of Peninsula Government and The Peninsula Foundation to re-vitalize and re-energize downtown Peninsula.
